Care and Support in a Nurturing Environment

Good Orderly Direction Home Care Services has been serving the community since 2008. Our services and programs cater to youth with special challenges/needs throughout greater Toledo and surrounding areas.

Services provided include:

- Supervised care and assistance through positive reinforcement
- On-site and off-site daily skills building and recreation
- Education assistance
- Transportation available

Our facility offers youth an opportunity to participate in a number of activities, individually and/or in a group setting, facilitated by our trained staff whose fundamental belief is to be very patient and understanding. We promote a fun, healthy, and therapeutic environment for all of our participants.
