Enriching Communities**

At Lott, our goal is to serve individuals and help them reach their highest level of independence. Through person-centered planning, we provide one-on-one services, identify personal goals, and look at ways to help everyone achieve their dreams.

# Enriching and empowering our communities.

## 1 Enhancing Lives

At Lott, our goal is to serve individuals and help them reach their highest level of independence. Through person-centered planning, we provide one-on-one services, identify personal goals, and look at ways to help everyone achieve their dreams.

## 2 Day Habilitation

"Day hab" services are designed to teach day-to-day fundamentals to individuals. Through learning opportunities like classes, activities, and other enrichment opportunities, Lott offers different ways for individuals to reach their goals.

## 3 Community Integration

Lott will assist individuals to develop a list of community activities they are interested in trying. The goal of community integration is to increase self confidence, feelings of acceptance and develop new friendships.

### Community Integration

**The goal of day habilitation is community integration. By working with individuals, helping them define goals and objectives, and providing them with support they can fully participate in the community.**

#### Our Habilitation Services Include:

- Classes
- Activities
- Daily fundamentals
- Enrichment Opportunities
- Community Integration
