

TLC Transit offers compassionate transportation service

TLC Transit has been serving the residents of northwest Ohio and Southeast Michigan for more than nine years. We take pride in the work that we do and it shows. TLC Transit offers personalized service to each and every one of our valued clients. Our professional drivers not only provide transportation to the residents of northwest Ohio and southeast Michigan, we provide caring service that goes beyond anything offered by many of the other transportation companies in the area.

Jon Elston is involved in the day-to-day business of TLC Transit but the most important job may be ensuring that each client receives the caring and compassionate service they deserve. We work with a wide variety of populations throughout the area to ensure that transportation is available to everyone, regardless of the challenge or disability they may have.

Thousands of people in northwest Ohio and southeast Michigan rely on the services TLC Transit provides everyday. We offer transportation services for individuals, medical facilities, hospitals, schools and a wide variety of other groups. Whether you need a ride to your doctor's appointment or your group needs transportation to a show at the Stranahan, TLC Transit can get you there. Our highly trained drivers have the experience and the certifications to meet the needs of all of our clients.
